035020070	M20x70	25	5391193101045

**Cup Head Bolts DIN603-555 CR3, BZP**

**GENERAL USES**

A bolt mostly used in wood with a domed top and a square under the head. The square section grips into the part being fixed, preventing the bolt from turning when the nut is tightened.

**FEATURES**

- Conforms to DIN603 (carriage bolt) standards
- Fully threaded upto 100mm
- Partly threaded over 100mm with 100mm of thread

## HT Bolt GR8.8 DIN 931 CR3, BZP

### GENERAL USES

A bolt used in a wide range of applications including automotive, structural, machine building and electrical industries.

### FEATURES

- Forged to precision grade to ensure smooth assembly
- Reduced number of bolts needed so less holes which reduces the assembly and maintenance costs
